

SAMARTH VENKATESH NAIK

+91-8904155950 naiksamarth1849@gmail.com Yelahanka, Bengaluru

ABOUT ME

Dedicated BCA student with a solid foundation in programming languages, algorithms, and application development. Passionate about solving real-world problems through technology and eager to apply academic knowledge to practical projects. Committed to continuous learning and staying updated with the latest trends in the IT industry.

EDUCATION

2022 – 2025 Karnataka University, Dharwad	Bachelor of Computer Applications (BCA) M.P.E. Society's S.D.M. College of Arts, Science and Commerce, Honavar CGPA: 7.07
2020 – 2022 Department of Pre- University Education	Science (PCMC) Hanumant Benne Govt P U College, Nellikeri, Kumta Percentage: 55.5%

TECHNICAL SKILLS

- Programming Languages:** Java, Python.
- Frontend:** HTML5, CSS, JavaScript, ReactJS.
- Backend:** Node.js, Express.js, Spring boot
- Database:** MySQL, PostgreSQL.
- Operating Systems & Tools:** Windows, Visual Studio Code, Eclipse IDE, MS Office (Word, Excel)

PROJECTS

SMART BLUEPRINT GENERATOR FOR CIVIL ENGINEERS

Technologies: React.js, Vite, Java, Hibernate ORM, PostgreSQL, Three.js, React Three Fiber, Konva.js, JWT, REST API

- Developed a full-stack Smart Blueprint Generator using React.js, Spring Boot, and PostgreSQL to automate residential floor plan creation for civil engineering applications.
- Built an interactive 2D CAD editor with Konva.js and integrated Three.js for real-time 3D visualization of building layouts.
- Designed and implemented RESTful APIs for project management, room layout processing, and persistent storage with a scalable backend architecture.
- Implemented intelligent features including Bill of Quantities (BOQ) generation, engineering constraint validation, and Vastu compliance analysis to improve planning accuracy and usability.

E-COMMERCE WEB APPLICATION

Technologies: React.js, Firebase, Tailwind CSS, Vite, Axios, React Router DOM, Context API, Firestore

- Developed a responsive e-commerce application with user authentication and email verification using Firebase.
- Integrated FakeStore API to display dynamic product listings and product details.
- Implemented cart management and wishlist functionality using React Context API.
- Added product search and category filtering features for improved user experience.
- Designed responsive UI components using Tailwind CSS.

PERSONAL PORTFOLIO WEBSITE

Technologies: React.js, Tailwind CSS, React Router DOM, Framer Motion, Vite, JavaScript, Axios

- Developed a responsive personal portfolio website using React.js and Tailwind CSS.
- Implemented smooth animations and page transitions using Framer Motion.
- Created multiple pages with client-side routing using React Router DOM.
- Designed interactive project showcase and contact form sections.
- Enhanced user experience with responsive layouts and modern UI components.

SOFT SKILLS

- Problem Solving & Logical Thinking – Capable of analysing and approaching problems effectively.
- Teamwork – Works efficiently in group settings, contributing to collaborative success.
- Communication Skills – Able to explain technical concepts clearly and concisely.
- Adaptability – Willing to learn and apply new technologies quickly.

ACHIEVEMENTS & CO-CURRICULAR ACTIVITIES

- Organized and participated in the Day with an Expert program to interact with industry professionals and gain practical insights.
- Conducted Tech Track event at inter-college level to encourage technical skills and healthy competition among students.
- Actively participated in college sports events and cultural activities.
